

# ELISA

Electronic Library Search & Access

What does ELISA offer?

The library team set up **ELISA** for you to find relevant information quickly and easily.

**ELISA** allows you to efficiently review your search results and to promptly access the information you found.

Which resources are included in ELISA?

**ELISA** is a search engine that comprises a large number of various resources relating to relevant subjects of the institute.

Use **ELISA** as a main access point for

- locating local holdings of the MPI MMG library
- Publications of MPI MMG researchers
- E-Books of all subjects
- Open access publications / articles
- Articles of special subject journals

We aim to include data from more sources over time.

## How to tailor your search: Narrowing I

# ELISA

**ELISA** offers you different options to narrow your hits on the right side of your result list.

### Local Library Holdings

By ticking the check box „*Local Library Holdings*“ the results are limited to available physical items in our library.

#### Narrow Search

 Local Library Holdings

Call Number: LB 56000 Mess 2012  
 Located: MPI MMG  
 • Available at MMG

### Local Classification

Within our local library holdings you have the possibility to browse through our library shelving.

#### Local Classification

LB 56000 (356)

MS 3600 (264)

### Type of Publication

If you are aiming to focus on particular publication types you can easily select them to limit your results.

#### Type of Publication

Article (26602)

Online Article (15739)

E-Book (3506)

Book (2868)

Serial Volume (134)

Journal (82)

### Example: Journal articles

Records labelled as „*Online Article*“ are freely available and directly accessible via the link „*Get full text*“.

Whereas „*Articles*“ are not directly accessible via ELISA, but fulltext might be available via other databases (please see Further Resources → Electronic Journals Library).

 **Get full text**  
 **Online Article**

## How to tailor your search: Narrowing II

# ELISA

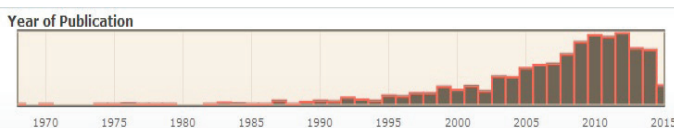

### First author

If you limit your results by person, bear in mind that only the first author mentioned in a publication is comprised. To search for authors please use the search field „*Author*“.

Author

BOURDIEU, Pierre  
 Bourdieu, Pierre  
 Pierre Bourdieu

### Year of Publication

### Publications MMG

The MPI MMG logo indicates publications written of all staff members during their affiliation to the institute.

Please contact the library for full text access.

#### Comparing super-diversity

by Vertovec, Steven in: Ethnic and Racial Studies  
 Vol. 38 (4), p. 541-555
